Empowering Future Leaders Through Education

## **Partner with Harding Miller Education Foundation to Drive Meaningful Change**

Corporate donors have the power to create transformative opportunities for Australia's most promising young women from disadvantaged backgrounds. By partnering with the Harding Miller Education Foundation, your organisation can directly contribute to breaking the cycle of disadvantage and fostering the next generation of female leaders.

### **Why Support Us?**

**Proven Results:** Since 2015, we have supported around 1,500 high-achieving students with essential tools such as laptops, internet access, tutoring, and personal coaching. Our scholars consistently excel academically, with many pursuing leadership roles and careers in STEM, law, medicine, and more.

**Transparency and Accountability:** 100% of your donation goes directly to scholarships.

Administrative costs are covered by our endowment, ensuring your contribution creates maximum impact.

**Alignment with Corporate Social Responsibility Goals:** Supporting Harding Miller aligns your brand with critical areas such as education, gender equality, and community development.

### **How Your Organisation Can Make an Impact**

**Sponsor Scholarships:** Fund scholarships to empower talented, under-resourced students with the tools they need to excel.

**Invest in Program Growth:** Help us expand our reach to students in remote and underserved regions.

**Support Strategic Initiatives:** Contribute to targeted programs such as STEM education, professional mentorship, and alumni engagement.

### **Corporate Partnership Benefits**

**Brand Visibility:** Showcase your commitment to social impact through co-branded campaigns, annual reports, and events.

**Employee Engagement:** Involve your team in mentoring programs or volunteering opportunities with our scholars.

**Impact Reporting:** Receive detailed reports highlighting the measurable difference your support makes in the lives of our students.

## **Together, We Can Build a Brighter Future**
